An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Linda Deschere on May 12, 2004.

The application has been amended as follows:

Claim 26, last line, -- associated with one of the elastomeric member and the spaced plates -- has been inserted after "protrusion", and -- associated with the other of the elastomeric member and the spaced plates -- has been inserted before the period.

Claim 30, last line, "one of the recesses" has been changed to -- a recess of said elastomeric member --.

The following is an examiner's statement of reasons for allowance: none of the prior art of record discloses or teaches the electrical contacts, elastomeric member and closely spaced plates and the claimed interaction therebetween.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary F Paumen whose telephone number is 571-272-2013. The examiner can normally be reached on Monday-Thursday.
